Light Well Grate

Depending on the design they can be used as a light well grate or boot scraper.

For an extra charge we can also produce special sizes. The outside dimensions of the rust are approximately 10 mm smaller than the nominal size. Available with or without frame (frame dimensions = nominal size). The smaller dimension is always the bearing bar direction!

Part #	Description	Length (mm)	Width (mm)	Height (mm)	Surface
001063	Expanded Metal Grate	500	350	22	hot-dip galvanized
001064	Expanded Metal Grate	600	400	22	hot-dip galvanized
001065	Expanded Metal Grate	700	400	25	hot-dip galvanized
001067	Expanded Metal Grate	800	400	25	hot-dip galvanized
001068	Expanded Metal Grate	800	500	25	hot-dip galvanized
001069	Expanded Metal Grate	800	600	28	hot-dip galvanized
001070	Expanded Metal Grate	900	500	25	hot-dip galvanized
001071	Expanded Metal Grate	900	600	28	hot-dip galvanized
002512	Expanded Metal Grate	900	400	25	hot-dip galvanized
001072	Expanded Metal Grate	1000	400	25	hot-dip galvanized
001073	Expanded Metal Grate	1000	500	25	hot-dip galvanized
